Experience

DesignLab - Design Mentor

October 2022 - now, Remote

- Guide and support students in their professional development and help them grow and succeed as a designer.

Freelance - Product/Web designer

June 2022 - December 2022

- Leaned HTML, CSS and Javascript technologies through coursework and hands-on experience.
- Responsible for the entire design process for the Boutique collection project, which included the research and competitive analysis, user interviews, design, prototyping, and development.

T-Mobile - Sr. UX Designer, Design Systems

June 2020 - June 2022, Remote

- Led a design system building process for T-Mobile app (iOS and Android).
- Worked on a daily basis with UX designers providing the component's best usage recommendations according to the flow and the platform.
- Created a playbook for the T-Mobile apps portfolio.
- Transitioned the app component library from Adobe XD to Figma

Realtor.com - UX Designer, Design Systems

Mar 2017 - May 2020, San Francisco, CA

- Created and maintained Realtor.com's design system. Worked on strategy, workflow, adoption and governance for multiple platforms.
- Developed internal guidelines to help designers onboard to the new system. It included writing articles and making video instructions about the Design System.
- Developed creative concepts, cobranded ad campaigns for variety of clients, including Chase, Veteransunited.com and Wells Fargo.

Freelance - Designer

2015 - 2017, Remote

- Designed a concept app called Rhythm. Moved from creating strategy, user flows and finished with the visual design.

Education

USCC Silicon Valley Extension - UX Design

2015 - 2016, Santa Clara, CA

Academy of Music, St. Monushko - Bachelor of Arts

2011 - 2015, Gdansk, Poland
